

## Sensational Settings - A Sensational Day

The **13th Annual Sensational Settings**, held at the Tucson Jewish Community Center on Sunday, Nov. 9, 2008, raised a record \$56,543 with well over 400 in attendance. With a creative and eclectic showing of over forty talented table designers, including a new sponsors' table and a special table, entitled "Leapin' for St. Luke's" designed and constructed by residents of St. Luke's Home (see photo), guests thoroughly enjoyed the quality and variety of the event.

Each year dozens of volunteers serve on the planning committee and help out during the event, building on the successes and ideas of prior years.

This year's volunteers included residents who served as greeters at the main doors.

Co-chairs were Pam Ronstadt of the St. Luke's Board of Trustees and her friend, Kay Donohoe, who

describes the volunteer experience as a "rewarding experience to work with such creative, dedicated, passionate folks to bring this valued event to fruition."

For the second year, guests were entertained with a wide array of "Sensational Seminars," also presented by volunteers, providing music, fashion, food, frolic and fun. A silent auction and raffle of three table settings offered guests the opportunity to take the event home with them and raised additional funding to support the residents of St. Luke's Home.

**Thank You** to our generous sponsors, volunteers, table designers, silent auction donors, and entertainers.

**YOU'RE SENSATIONAL!**
